

Connector systems for sensors and actuators in field

Round plug connector
Valve plug
Distribution systems

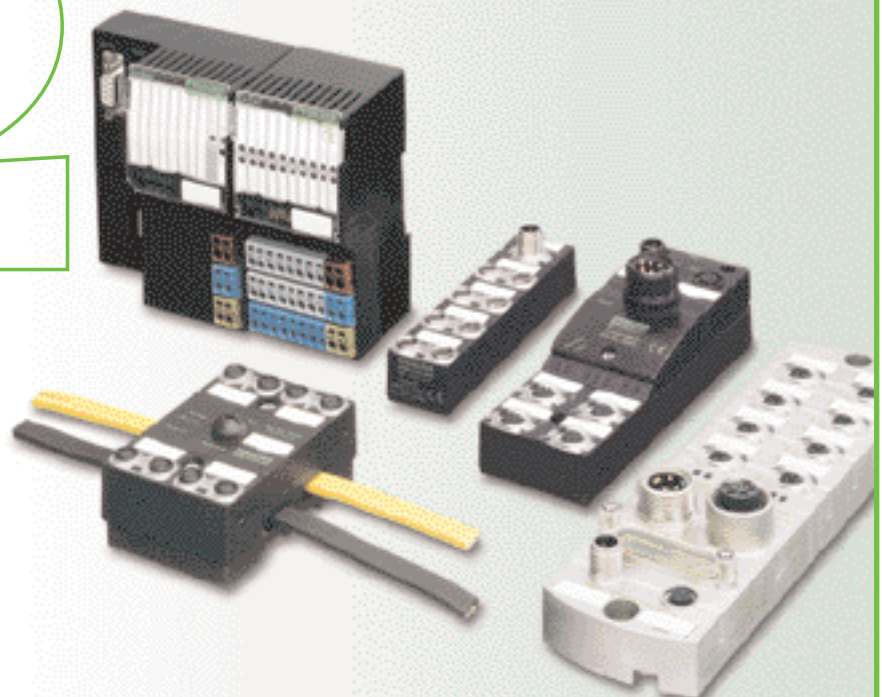

1

2

Field bus modules protection IP67
Field bus modules protection IP20
Installation- and service tools

Automation systems for decentralized installation technology

Suppression technology/EMC Interface modules for control panel

EMC filters and suppressors

Interface modules

- passive
- active
- intelligent

System wiring

Control panel interface
and entries

3

Transformers

Power supply units

Primary switch mode

Intelligent current distribution

Converter/rectifiers

Power supply for control panel
